Re: Complaint No. 253478
Act 223, Section 208 Determination

Dear [REDACTED]

In response to your complaint of March 19, 2008, the Department has investigated the possible contamination of the water supply at your home located in Hickory Township, Forest County.

After reviewing the water sample results of your spring, the Department has concluded that while your spring was affected by Catalyst Energy, Inc., by the time of my sampling on March 20, 2008, your spring had already returned to pre-drill quality.

Enclosed is a copy of your water sample results.

If you have any questions, please contact me at the above listed number.

Sincerely,

John R. Thomas
