Re: CID No. 265297

[Redacted]
Knox Township, Jefferson County

Dear [Redacted]

This Department has investigated the pollution of your water well by the activities of Snyder Brothers, Inc. on the nearby [Redacted] gas well site. Water sample analyses have confirmed that your water well has been affected. It is my understanding that Snyder Brothers, Inc. continues to supply bottled water for your use. It appears that the water well is clearing but not yet back to pre-drill quality. The Department will continue to monitor your well.

I am enclosing a copy of the laboratory analysis report for the sample I took at your home on August 4, 2009.

Should you have questions, please contact me.

Sincerely,

Douglas J. Neely
Water Quality Specialist
Oil and Gas Management
