Fax 570-327-3420

[REDACTED]

Re: Act 223, Section 208 Determination
Complaint No. 268097
Rush Twp., Susquehanna County

[REDACTED]

The Department has investigated the degradation of your water supply in response to your 12/04/2009, complaint that recent gas well drilling activities conducted by Stone Energy had affected your water supply.

On 12/16/2009 and 1/07/2010, the Department collected water samples from the well at your property. The Department has compiled an extensive amount of data regarding your water supply. The data indicates, and therefore the Department has determined, that your water supply has been affected by drilling activities conducted by Stone Energy.

The Department is in the process of working with Stone Energy in an effort to resolve this matter.

In the meantime, if you have any questions or concerns, please call me a 570-327-0546.

Sincerely,

Caleb Woolever
Geologic Trainee
Oil and Gas Management
